QUILTERS' CHOICE

Quilter'S choice is just that! If there is a quilt pattern you have wanted to make from a magazine, book, or pattern, but would like some guidance or help in the planning or construction of the project, this is a good class to take. I limit the number of students to 4 do to the specialized nature of this class.

MERRY MOSAIC

This is one of my favorite patterns! While it may look difficult, the piecing techniques I will show you will make it one of your favorites, too! Yes, even the triangles! You may choose the size you wish to make, and the feather stitching is optional. This one is most skill levels- some rotary cutting experience is helpful, as is accurate 1/4 inch seam allowances.

FRIDAYS, MAY 9, 16, and 23 9:30 to 1:30 3 weeks \$60

ROLLING FIELDS AND BUTTERFLIES

I took a fun quilt pattern, and added my own pizzazz with butterflies! After we make all the strip blocks, I will teach you several applique techniques, from needleturn to machine stitched to sew and flip.

Choose a size! Also all skill levels!
